“ *I occasionally interacted with Dr. Haines at Norton Community over the years while handling service requests on various Philips imaging equipment located at the hospital. I did not know Dr. Haines very well, BUT I could not help but notice his kind and gentle spirit that was always a part of his presence. My thoughts and prayers are with the family at this time. “ Pam and Haines Family, I along with the rest of my family were devastated to hear this sad news. We along with our Radiology family loved Dr. Haines. One of my fondest memories of him happened when I was just a rookie tech. I took some film from an ER case back for a wet read and as usual there were at least three other people standing in line. I'm thinking to myself how can this man remain so calm. I would have thrown every out and slammed the door. He was always so patient and kind.

I know he was the anchor for your family and I along with the radiology department would like to thank the Haines family for sharing him with us.

I would have loved to have been there but unfortunately we already have an obligation out of town. Please know that each of you will be in our thoughts and prayers now and in the days to come. May God Bless you All.
